

Students Name:	Grade: 6	Date:
Subject: Financial Literacy	Unit Title: How do bank Function	
Task: BANK DETECTIVE		Task Duration:

BANK DETECTIVE

Driving Questions:

Why do people need banks?

If banks did not exist, how would people keep, use, and manage their money?

Part 1: Family bank interview.

Choose one person from your family and have a short conversation with them. You can ask:

1. Do you or your family use a bank?
2. Why do you think people keep money in a bank instead of keeping all of it at home?
3. What banking-related things have you seen your family use?
(For example: ATM/debit card, UPI, cheque, passbook, bank app.)
4. What do you think is the most important reason people use banks? Why?

Important Note: Do not ask for or record anyone's account number, PIN, password, OTP, balance, or other private financial information.

Part 2: Look around your home and identify 5 objects that are connected to money, saving, or banking.

Do not record any private information such as account numbers, PINs, passwords, OTPs, or bank balances.

No	Object	What is it used for?	What does it tell me about banking?
