

Strengths: Good things that will help the research succeed.

Limitations: Things that might slow them down, confuse them, or be hard to do.

Improvement: One clear idea to make the plan even better!

Research action Plan:

Inquiry Question: How did Wangari Maathai demonstrate global citizenship through environmental activism?

Research Action	Source / Method	Target Completion Date
Step 1: Read a library book about the Green Belt Movement.	School Library Book (<i>Wangari Maathai: Unbowed</i>)	Monday, Oct 5
Step 2: Watch a YouTube documentary about her Nobel Peace Prize.	Online Video / Documentary	Wednesday, Oct 7
Step 3: Conduct a live Zoom interview with Wangari Maathai to ask her about tree planting.	Direct Interview	Friday, Oct 9
Step 4: Summarize findings into a slide deck presentation.	Digital Slides	Sunday, Oct 11

Strengths (What works well?)

Look for clear questions, good sources (books, websites, interviews), or realistic steps.

1. _____,this makes the plan strong because _____
2. _____,this will be helpful/useful because _____

2 Limitations (What might cause a problem?)

Look for missing information, running out of time, hard-to-find sources, or unclear steps.

1. One tricky part might be _____,this might cause trouble because _____
2. It might be challenging to _____,This could be hard because _____

1 Big Improvement (How to make it awesome!)

Choose **one** limitation above and give a clear suggestion to fix it.

My Top Suggestion: To make this plan even better, you should _____
