Diplomathon World Symposium

Unlock Global Opportunities: Hyderabad (November 21 & 22)

Introduction to Diplomathon Global

Students roleplaying as delegates of different countries

Empower your child with diplomacy skills and open doors to academic and non-academic excellence

Diplomathon Global is an innovative global educational program that simulates international organizations like the United Nations, European Union, Internet Association, World Bank etc. to empower young minds to become future leaders. Through experiential learning, students of Grades 3 to 12 develop diplomacy, leadership, and negotiation skills as they represent countries & companies to discuss global affairs. Participants deepen their understanding of international perspectives & global scenarious, fostering connections across geographies and enhancing their academic profiles.

Benefits of the Program

By participating in the conference, students shall:

- Develop diplomacy, negotiation, and leadership skills
- Enhance critical thinking and problem-solving abilities
- Improve communication and public speaking skills
- Gain valuable experience in international relations and diplomacy
- Build a strong network with like-minded students from various countries
- Foster a deeper understanding of global perspectives and issues
- Improve teamwork and collaboration skills through group work
- Boost academic and non-academic profiles for university applications
- Access potential international opportunities and exposure
- Bridge the gap between classroom learning and real-world situations
- Receive participation & training certificate* on completion of program

Diplomathon World Symposium is renowned for its exclusivity, as it is a by-invite event that only accepts registrations from nominated schools and students. Due to this highly selective process, the conference has a no cancellation policy*

Diplomathon World Symposium

Venue: The Gaudium School, Kollur

Dates: 21st & 22nd November 2026

Diplomathon World Symposium is a prestigious two-day conference that brings together students from Grades 3 - 12 across geographies to engage in discussions, collaborate on solutions on global issues like Technology Disruption, Sustainable Living, Resource Scarcity, Economic Challenges, Industry advancements etc. from multiple perspectives after being trained by our award winning team. Not only will students receive insightful views on various industries, Diplomat & Delegate registration options allows students to choose trainings more suited to their needs. The crux of the conference is to give students tools to evolve and accelerate their knowledge about global & industrial affairs using experiential pedagogies. The top performing schools get a chance to represent their schools to countries like UAE & Japan.

Students role & expectation

- Attend Live Training Sessions as per schedule
- Receive an assigned role as a representative of a country, company, or character in one international organisation
- Conduct research to understand the assigned entity's stance, policies, and interests on the assigned topic
- Prepare position, speeches, and talking points based on the research conducted
- Actively participate in discussions and debates with fellow delegates at the conference
- Collaborate with delegates to draft resolutions or recommendations that address the global issues being discussed
- Utilise diplomacy, negotiation, and critical thinking skills to navigate through complex problems and find feasible solutions
- Present and defend the interests of the assigned entity in the conference, ensuring that its perspective is taken into account
- Network and build connections with like-minded students from various regions during and after the conference

International Opportunities

Top-performing schools have the chance to participate in the International Rounds of Diplomathon in the UAE, Indonesia, Japan, and other nations. Students who excel at these conferences not only gain international exposure but also have a competitive edge when applying to universities.

"Universities worldwide are increasingly looking for students with diverse experiences and skills. Diplomathon participation enhances a student's profile, showcasing their ability to think critically, communicate effectively, and work collaboratively, which are sought-after qualities for university admissions."
School Coordinator,
Safa Community School, Dubai

"With the assistance & help of Diplomathon, today's learners are getting a lot of confidence, exchanging ideas, building teams, enhancing critical thinking & working on problem solving. Participating Learners are solving problems by research & developing at an individual capacity in terms of intellect & emotion."
-School Coordinator
Tunas Muda School, Jakarta, Indonesia
